

REMARKS/ARGUMENTS

Claims 1-2, 8-13 and 17-19 have been allowed. Claim 1 has been revised to correct a grammatical error. Claim 8 has been revised to distinguish it from claim 1 based on limitations previously examined in claim 9. In view of the nature of the amendments no new search is required and no new matter has been added. As discussed with Examiner Alejandro on August 12, 2010, the amendment to claim 1 which does not change its scope would be considered. Ways to further limit claim 8 were discussed. The Examiner indicated that foreign office actions can be submitted as non-patent literature on Form 1449.

Conclusion

Entry of this Amendment prior to issuance of this case as a patent is respectfully requested.

Respectfully submitted,
